## EDUCATION

### BACHELOR COMPUTER SCIENCE

Digital Logic Design  
Assembly Language  
Data Structures  
Design Patterns  
Web Programming  
Compiler Construction  
Concurrent and Distributed Systems

# SYED HASNAIN BUKHARI

## FULL STACK SOFTWARE DEVELOPER

## SUMMARY

Full Stack Developer with 5+ years of rich professional experience of building and delivering highly scalable, enterprise grade software products. I hold a Bachelor's degree in Computer Sciences from the Punjab University College of Information Technology, Lahore, Pakistan

## EXPERIENCE

### FULL STACK SOFTWARE ENGINEER

Agoda | Dec 2021 - Present

*Leading several teams, working on solutions based upon distributed computing to make the e-commerce scene under the global travel space alive*

- Working with teams to migrate long-running legacy systems to a newer and a better stack
- Keeping track of the learning abilities of my team so that they can progress in their respective careers and interests
- Having 1:1s to shape up the team culture and align them with essential matters at the

## SKILLS

organization

- Build a mindset and culture of quality first; Owning our stuff and converting them to quality artefacts and systems
- Help the organization envision what moving away from legacy could mean and preach the benefits within the team(s)
- Help the team understand Agility at work and take them through ceremonies; This helps the team give their best following sprints
- Making an effort around organizational values, so it lives within the team and work we do.

## SENIOR SOFTWARE ENGINEER

**Strategic System International | Nov 2019 - Dec 2021 (2 years 1 month)**

*Design and developed multiple major modules and provide technical support to web application as well mobile application. My responsibilities include:*

- Building micro services oriented systems that enable integration with various external systems.
- Working in an agile, scrum environment using .NET stack to design and build highly optimized solutions to be deployed at a global scale.
- Optimizing and refactoring existing modules to accommodate new functionality and enhance performance and maintainability.
- Design and develop timesheets management module based on types of systems. User can track workings hours and working experience with different clients. User can upload paper timesheets as well.
- Implementation of Elastic search to enhance the performance and visualize the data.
- Provide technical to mobile application
- Provide technical support and consultancy to other projects as well

## SOFTWARE ENGINEER

**CureMD | Sep 2017 - Nov 2019 (2 years 2 months)**

*Developed multiple major projects, as a full stack .NET developer as well as a software architect. My responsibilities include:*

- Building highly scalable and robust, service-oriented systems that enable integration of our

*flagship product with various external information exchange partners.*

- *Working in an agile, scrum environment using .NET stack to design and build highly optimized solutions to be deployed at a global scale.*
- *Providing technical and client support to various deployed products. Co-ordinate and plan inter and intra team activities.*
- *Restructure and refactor modules of existing products to accommodate new functionality and enhance performance and maintainability.*

## **SOFTWARE ENGINEER**

**Logix Infinity | Jun 2016 - Sep 2017 (1 year 3 months)**

*Worked as a software developer, specializing in web and desktop application development, mainly using the .NET stack along with other web technologies (Angular, Ionic and JavaScript). It gave me a chance to work on an array of diverse projects, offering me a great learning experience and exposure. I've developed web-based software using ASP.NET (MVC, WEB API, .NetCore), Angular/Ionic and SQLServer.*

## **A W A R D S**

- **IASA IT Architecture Core (ITAC) – CITAF Certification** | May 2015 | Iasa Global  
*Anchors to the beginning of Architect position and responsibilities*
- **Won the GIKI SOFTCOM 08 (Programming Competition)** | Apr 2008 | GIKI University Pakistan  
*A speed programming competition of national level*

## **L A N G U A G E S**

- **Urdu** | *Native speaker*
- **English** | *Fluent*
- **English** | *Fluent*
- **Punjabi** | *Fluent*

## REFERENCES

Amir is surely missed by his team/peers and I think any company would find great benefit with the addition of Amir to their leadership and technical team. Wish you all the best Amir and hope our paths cross again.

— Heinrich Rust

As a colleague Amir is friendly, personable, has an easy manner and great sense of humour. A clear communicator with a voice for radio, Amir is wise head on young shoulders.

— Paul Fitzgerald
