SKILLS

WEB ENGINEERING	Software Architecture, Development and Troubleshooting, Project Management & Coordination
SOFTWARE ARCHITECTURE	Design-patterns, Distributed systems, Scalability, Maintainability
SOFTWARE DEVELOPMENT	Sustainability, Portability, Scalability, Reasonability
PROGRAMMING LANGUAGES	C#, C++
WEB PROGRAMMING	ASP.NET, (Web Form, MVC, .Net Core, Nhibernate, Entity Framework, ADO.NET, Web API, WCF and WPF),, Micro services, Elastic Search, Javascript/JQuery,, HTML/CSS
REPORTS	Crystal Reports, JSReports
REPORTS	MS SQL, PostgreSQL, SQLite, MongoDB

EXPERIENCE

Agoda

Full Stack Software Engineer Dec 2021 - Present

Leading several teams, working on solutions based upon distributed computing to make the e-commerce scene under the global travel space alive

- Working with teams to migrate long-running legacy systems to a newer and a better stack
- Keeping track of the learning abilities of my team so that they can progress in their respective careers and interests
- Having 1:1s to shape up the team culture and align them with essential matters at the organization
- Build a mindset and culture of quality first; Owning our stuff and converting them to quality artefacts and systems

- Help the organization envision what moving away from legacy could mean and preach the benefits within the team(s)
 - Help the team understand Agility at work and take them through ceremonies; This helps the team give their best following sprints
 - Making an effort around organizational values, so it lives within the team and work we do.
-

Strategic System International

Senior Software Engineer Nov 2019 - Dec 2021

Design and developed multiple major modules and provide technical support to web application as well mobile application. My responsibilities include:

- Building micro services oriented systems that enable integration with various external systems.
 - Working in an agile, scrum environment using .NET stack to design and build highly optimized solutions to be deployed at a global scale.
 - Optimizing and refactoring existing modules to accommodate new functionality and enhance performance and maintainability.
 - Design and develop timesheets management module based on types of systems. User can track workings hours and working experience with different clients. User can upload paper timesheets as well.
 - Implementation of Elastic search to enhance the performance and visualize the data.
 - Provide technical to mobile application
 - Provide technical support and consultancy to other projects as well
-

CureMD

Software Engineer Sep 2017 - Nov 2019

Developed multiple major projects, as a full stack .NET developer as well as a software architect. My responsibilities include:

- Building highly scalable and robust, service-oriented systems that enable integration of our flagship product with various external information exchange partners.
 - Working in an agile, scrum environment using .NET stack to design and build highly optimized solutions to be deployed at a global scale.
 - Providing technical and client support to various deployed products. Co-ordinate and plan inter and intra team activities.
 - Restructure and refactor modules of existing products to accommodate new functionality and enhance performance and maintainability.
-

Logix Infinity

Software Engineer Jun 2016 - Sep 2017

Worked as a software developer, specializing in web and desktop application development, mainly using the .NET stack along with other web technologies (Angular, Ionic and JavaScript). It gave me a chance to work on an array of diverse projects, offering me a great learning experience and exposure. I've developed web-based software using ASP.NET (MVC, WEB API, .NetCore), Angular/Ionic and SQLServer.

EDUCATION

PUCIT

Jul 2012 - Sep 2016

Bachelor - Computer Science

Science College Hasilpur

Jul 2010 - Sep 2012

Intermediate - Fsc – Pre-Engineering /
Intermediate

AWARDS

Exam 70 - 483 Programming in C#

REFERENCES

Amir is surely missed by his team/peers and I think any company would find great benefit with the addition of Amir to their leadership and technical team. Wish you all the best Amir and hope our paths cross again.

— Heinrich Rust

As a colleague Amir is friendly, personable, has an easy manner and great sense of humour. A clear communicator with a voice for radio, Amir is wise head on young shoulders.

— Paul Fitzgerald
