

# SYED HASNAIN BUKHARI

## FULL STACK SOFTWARE DEVELOPER

### ABOUT

Full Stack Developer with 5+ years of rich professional experience of building and delivering highly scalable, enterprise grade software products. I hold a Bachelor's degree in Computer Sciences from the Punjab University College of Information Technology, Lahore, Pakistan

### WORK EXPERIENCE

#### Agoda

December 2021 – Present

#### Full Stack Software Engineer

Leading several teams, working on solutions based upon distributed computing to make the e-commerce scene under the global travel space alive

#### Highlights

Working with teams to migrate long-running legacy systems to a newer and a better stack

Keeping track of the learning abilities of my team so that they can progress in their respective careers and interests

Having 1:1s to shape up the team culture and align them with essential matters at the organization

Build a mindset and culture of quality first; Owning our stuff and converting them to quality artefacts and systems

Help the organization envision what moving away from legacy could mean and preach the benefits within the team(s)

Help the team understand Agility at work and take them through ceremonies; This helps the team give their best following sprints

Making an effort around organizational values, so it lives within the team and work we do.

## Strategic System International

November 2019 – December 2021

### Senior Software Engineer

Design and developed multiple major modules and provide technical support to web application as well mobile application. My responsibilities include:

#### Highlights

Building micro services oriented systems that enable integration with various external systems.

Working in an agile, scrum environment using .NET stack to design and build highly optimized solutions to be deployed at a global scale.

Optimizing and refactoring existing modules to accommodate new functionality and enhance performance and maintainability.

Design and develop timesheets management module based on types of systems. User can track workings hours and working experience with different clients. User can upload paper timesheets as well.

Implementation of Elastic search to enhance the performance and visualize the data.

Provide technical to mobile application

Provide technical support and consultancy to other projects as well

## CureMD

September 2017 – November 2019

### Software Engineer

Developed multiple major projects, as a full stack .NET developer as well as a software architect. My responsibilities include:

#### Highlights

Building highly scalable and robust, service-oriented systems that enable integration of our flagship product with various external information exchange partners.

Working in an agile, scrum environment using .NET stack to design and build highly optimized solutions to be deployed at a global scale.

Providing technical and client support to various deployed products. Co-ordinate and plan inter and intra team activities.

Restructure and refactor modules of existing products to accommodate new functionality and enhance performance and maintainability.

## Logix Infinity

## Software Engineer

Worked as a software developer, specializing in web and desktop application development, mainly using the .NET stack along with other web technologies (Angular, Ionic and JavaScript). It gave me a chance to work on an array of diverse projects, offering me a great learning experience and exposure. I've developed web-based software using ASP.NET (MVC, WEB API, .NetCore), Angular/Ionic and SQLServer.

## AWARDS

May 2020

### Microsoft

🏆 Exam 70 - 483 Programming in C#

December  
2021

### Secure Code Warrior

🏆 Secure Coding

## EDUCATION

2012 2016

### PUCIT

🎓 Bachelor  
Computer Science

2010 2012

### Science College Hasilpur

🎓 Intermediate

## SKILLS

### Web Engineering Expert

Software Architecture   Development and Troubleshooting   Project Management & Coordination

### Software Architecture Advanced

Design-patterns   Distributed systems   Scalability   Maintainability

### Software Development Proficient

Sustainability   Portability   Scalability   Reasonability

### Programming Languages Advanced

C#   C++

### Web Programming Proficient

ASP.NET   (Web Form, MVC, .Net Core, Nhibernate, Entity Framework, ADO.NET, Web API, WCF and WPF),

Micro services   Elastic Search   Javascript/JQuery,   HTML/CSS

### Reports Competent

Crystal Reports   JSReports

### Reports Competent

MS SQL   PostgreSQL   SQLite   MongoDB

## LANGUAGES

Urdu	Native speaker
English	Fluent
Punjabi	Fluent

## INTERESTS

### Home improvements & engineering

Plumbing   Electric-appliances   Civil engineering

### Software based home solutions

IoT   Home-server   plex   raspberry-pi   cups   saned

### Watching documentaries

Idiocracy   Lord-of-the-rings   movies   documentaries

## ✓ REFERENCES

Amir is surely missed by his team/peers and I think any company would find great benefit with the addition of Amir to their leadership and technical team. Wish you all the best Amir and hope our paths cross again.

— [Heinrich Rust](#)

As a colleague Amir is friendly, personable, has an easy manner and great sense of humour. A clear communicator with a voice for radio, Amir is wise head on young shoulders.

— [Paul Fitzgerald](#)
